Culture

Actually, culture arrived in Vaughan many years ago, and Arts Vaughan was created to celebrate our cultural diversity and to connect the growing network of talented artists, arts groups and arts patrons in the community. Arts Vaughan is committed towards building public awareness and support of the rich heritage and artistic history of the city of Vaughan.

Mission: To work with all levels of government, the private sector and members of the public to bring support, development and recognition to the community of talented artists in the City of Vaughan.

Vision: To create a Vaughan Arts Council to network the various local arts groups together and to accomplish this goal by 2007. Visit the Arts Vaughan website for further information: www.ArtsVaughan.com
